

2023 CME Activities Guide

The American Psychiatric Association (APA) offers a number of educational initiatives that provide high-quality and innovative continuing medical education (CME) for psychiatrists and other mental health clinicians with the ultimate goal of advancing patient care. Please see below for a list of CME activities that assist APA members in meeting their continuing education requirements.

CME Educational Opportunities

In support of improving patient care, the American Psychiatric Association is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
